Albert J. Ponder
106 Tesori Drive
Palm Desert, CA 9211

Dear Albert Ponder,

As I prepare thank you letters to our supporters, I would be remiss in not recognizing your valuable contributions to our annual event. Thank you for selling multiple tables, sponsoring the VIP complementary Wine Tasting, and the commemorative wine glasses, designing and purchasing the beautiful backdrop, securing a low cost photographer and ICON Presentations who was so very generous to us, setting up the presentation and voiceovers, and the many other tasks you performed.

I want to especially thank you for your support as an Elder to the Africentric Rites of Passage Program. You have been a consistent support to our boys, including purchasing hair-cuts, tennis shoes, clothing, paying for outings, graduation packages, cell phones and the many, many other items and donations you have made on their behalf. I appreciate both you and Linda for raising more than 3,500 in support of Project Washington D.C. as well as the additional \$1,200 personal donation you made. I also appreciate the considerable donations we've receive because of your efforts, including the \$3,000 donation from Mr. & Mrs. Smith. Yet, most importantly, I appreciate that you would selflessly show up to support the boys over the past two years which is why they affectionately call you Baba Al.

You have been a supporter of the Family Health & Support Network, Inc since its' inception, allowing the organization to utilize your proprietary case management software at absolutely no cost which has saved the organization thousands of dollars. And, you continue to support the software at no cost. Even with your disability, and NOT being an employee of the organization you have supported the organization and my vision for years. You are awesome! You Rock! Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Sandra Austin".

Sandra Austin
Chief Executive Officer
